Hello Professional Division Students! We are very excited to welcome you to the building this Fall! We are sending out this Virtual Guide to help you get set up in Google Classrooms. While all your dance classes will be in-person, we want to be prepared in case we need to move online quickly due to unforeseen circumstances.

This guide allows you to join the following classes in Google Classroom:

- Cohort Group – where group updates will be posted
- Bulletin Board - where announcements will be posted
- Advisement - where you will make appointments to meet virtually with your advisor
- Physical Therapy - where you can make appointments with the Ailey School's Physical Therapists (PT appointments in person)

We will not be posting assignments to these classes or holding classes in Google Classrooms. However, these classes will allow you to remain connected with the Ailey staff as well other students. Likewise – we will not be using the Zoom feature for classes but again, we would like you to go ahead and set up your Zoom account using your ailey.school email account in case we are forced to move classes online. Please read the document in full and let us know if you have any questions!

Complete this checklist BY END OF DAY FRIDAY, September 3

   ▪ Instructions are above for computer and phone users.
   ▪ Classroom calendars do NOT show appointments.
3. Delete the appointment.
4. Confirm the appointment is not on your Google Calendar.
When you click on a class, you will automatically come to the “Stream” tab. You will see a text box that says, “Share something with your class”. Use that box to type messages that your other classmates and instructors will see. You can also reply to comments as well. Ailey Staff and faculty will also use this area to post announcements, updates, etc.
Click “Mute” to unmute yourself to speak to the teacher.
Please note: Audio can be muffled if too many people are unmuted. We recommend you stay muted as much as possible.

Click “Start Video” to turn your front facing camera on.
Please note: We recommend you turn your front camera on during class so the teacher can give you feedback.

Click “Chat” to open the chat box.
Please note: You can use this feature to ask questions without unmuting yourself. This is a great way to talk to the teacher or the host, who can help you with technology problems.

Click “End” to exit the class.
